Community Handbook

Welcome to the Rancho Highlands Community Association. The Board of Directors, with input from the Architectural Control Committee, has created this Community Handbook for your use. Inside you will find practical rules, regulations and guidelines that if observed will help keep all properties, recreational facilities and common areas maintained and attractive for all residents and guests to enjoy. The release of the Community Handbook supersedes all previous editions of Rancho Highlands rules, regulations, guidelines and related adopted resolutions.

Bear in mind that the rules and guidelines established in this Community Handbook are always subject to the Community CC&Rs, Articles of Incorporation and the Bylaws. The Board of Directors has the power to revise the rules, regulations and guidelines set forth in the Community Handbook from time to time.

A copy of the CC&Rs was provided to each owner at the close of escrow in the purchase of your home. Each property within the Association is subject by law to the CC&Rs. If you do not have a copy of the CC&Rs or other governing documents, copies can be provided to you upon written request and payment of the Association's charges for this service. It is strongly recommended that you take the time to read and understand the CC&R's, the rules and guidelines herein, and any other governing document as these documents determine both your rights and responsibilities. If there is any conflict between the CC&Rs and the rules or guidelines, the provisions of the CC&Rs shall prevail. Strict observance and adherence to these guidelines is requested by the Board of Directors. Note: A copy of the CC&Rs can also be found online at the Rancho Highlands website under "Governing Documents".

Please read this Handbook carefully. It is the responsibility of each owner to make sure that your family, guests and tenants fully understand and follow the rules, regulations and guidelines set forth in this Handbook.

The Board of Directors uses the services of a professional association management company to run the day to day operations. Should you have a concern or question regarding Rancho Highlands Community Association please contact:

The Avalon Management Group, Inc., AAMC®
Rancho Highlands Community Association
Contact: Benna Duenas
43529 Ridge Park Dr., Temecula CA 92590
Telephone: (951) 699-2918 Fax: (951) 699-0522
Email: RanchoHighlands@AvalonWeb.com

The Board of Directors' purpose is to operate, manage, and maintain the community for the benefit of the owners. The Board of Directors governs the Association and meets regularly to make decisions on those matters for which the Association is responsible. Homeowners will be notified of the date, time, and location of all Board meetings and are encouraged to participate. Notification of all meetings will be posted on the website and at the pool bulletin board.

If at any time you would like to contribute suggestions for the Community Handbook or for improvements to our neighborhood, please use the homeowner suggestion form (Exhibit F, pg. 26).

If you want to make any installations or modifications to the exterior of your residence, a request must be submitted to the management company in writing for approval by the Architectural Control Committee. The procedures and guidelines for such modifications are located in the Architectural Control Guidelines section of the Handbook.

COMMUNITY RULES AND REGULATIONS

GENERAL GUIDELINES – OWNERS LIABILITY

The Board of Directors is empowered under Article V, section 13, of the CC&Rs to establish any rules or regulations that it deems reasonable with regard to the use, occupancy and maintenance of the individual lots, community common area and recreational facilities by owners, tenants or guests. This includes the conduct of such persons with respect to parking, control of pets, number of guests and other activities which, if not regulated, might otherwise detract from the appearance of the community, be offensive, cause inconvenience or danger to persons residing in Rancho Highlands.

Owners have a vested interest in the Common Areas and should therefore treat these areas with the same pride of ownership and care given to their own property. The rules must be observed to protect your investment.

Owners will be held liable for all enforcement assessments resulting from violations of the Rancho Highlands' rules or regulations by said owner, owner's families, guests, tenants, and tenant's families and guests and any other occupant of the owner's lot.

The owner will also be held liable for all costs incurred by the Rancho Highlands Community Association for the repair and replacement of damaged common property due to negligent or willful damage or the removal of said common property by any of the above said occupants of the owner's lot. In addition to the recovery of repair and replacement costs, enforcement penalty assessments may be levied against the owner which may include attorney fees, litigation costs, interest and other charges related thereto.

Owners are prohibited from destroying, removing or altering the landscaping in the Common Area, in any manner, regardless of the condition of the plantings.

Littering the Common Area is not permitted, including but not limited to the disposal of dirt, trimmings, or other materials. The cost of cleanup or removal shall be assessed to the owner whose lot the material came from, and/or who disposed of the material.

No rubbish, trash, garbage or other waste material shall be kept or permitted upon any lot, Common Area or on any public street abutting or visible from the properties, except in sanitary containers located in appropriate areas screened from view. Such containers shall be exposed to the view of neighboring lots only when set out for a reasonable period of time (not to exceed

twenty-four hours before and after scheduled trash collection hours). Trash collection hours are 6:00AM-6:00PM the scheduled day of pickup.

No clothing or household fabrics shall be hung, dried, or aired on or over any lot in such a way as to be visible from street level or the Common Area.

Street hockey equipment, basketball equipment and any other portable recreation/athletic equipment must be stored away from the street or front of the lot when not in use. Acceptable means of storage are in the garage or behind the lot's fence out of common view.

No residence in the community shall be used, allowed, or authorized for any business, commercial manufacturing or other nonresidential purposes. This shall not preclude professional and administrative occupations as long as there is no evidence of such occupations visible to or affecting the neighborhood or common area.

PARK AND RECREATION FACILITY RULES

Guests must be accompanied by an owner or resident when using the Common Area facilities. Owners and guests are required to clean up their areas before leaving the premises.

Guest Limits:

Pool and Spa Area - The maximum occupancy of the pool and spa area is 83. It is requested that the number of guests per residence be limited to 10 due to the limited size of the pool and spa area.

Park Area - The maximum number of guests allowed for each homeowner is 20. Larger gatherings in the park must have a written approval from the Association Manager. Requests should be made 2 weeks in advance and include function, date, time and number of guests. See Exhibit G, pg. 29 for form to use. It is the responsibility of owner to see that guests show respect for other visitors as well as the facilities.

Pool and Spa Rules:

1. Hours: 7:00 a.m. - 10:00 p.m. Lap swimming only from 7:00 a.m. - 8:00 a.m.
2. Pool hours may be adjusted per seasonal schedule.
3. Use of the pool/spa facilities is restricted to members in good standing.
4. Pool/spa area may not be reserved.
5. Diapered children must wear waterproof swim diapers in the pool and spa area.
6. Children under the age of 14 are not permitted in the pool area unless accompanied by a resident adult.
7. No children under 14 are permitted in the spa unless accompanied by a resident adult.
8. No animals permitted in the pool/spa area except service animals trained to work or perform task for a person with a disability who is present.
9. No glass objects in the pool/spa area, plastic bottles are allowed.
10. No food in the pool/spa area, except in the picnic area next to the spa and west of the wading pool.
11. No running, diving or horseplay in the pool/spa or picnic area.
12. No boogie boards allowed in the pool area.

13. No throwing of objects into pool/spa.
14. No smoking within the fenced pool/spa area.
15. No alcoholic beverages.
16. No loud music.
17. Shower before entering the pool/spa.
18. Appropriate swim suit attire only. No cut-offs permitted.
19. No roller-blades, skates, bicycles or skateboards permitted in the pool/spa area.
20. No professionally taught instruction.

Tennis and Basketball Courts

1. Hours: Sunday - Thursday 7:00 am to 10:00 pm --- Friday - Saturday 7:00 am to 11:00 pm
2. Tennis shoes only (no street shoes or black sole shoes.)
3. Availability on a first come, first serve basis.
4. Tennis: time limits (if others are waiting):
 - A. Restrict warm-up to 5 minutes.
 - B. Restrict play to one set for singles.
 - C. Restrict play to two sets for doubles.
 - D. Restrict free play practice to 30 minutes.
5. Basketball Hours: 8:00 am until dark. Time limits (if others are waiting):
 - A. Restrict play to 20 point games.
 - B. Restrict free play practice to 30 minutes.
6. Players waiting must stay off the courts.
7. Guests must be with a property owner/resident.
8. No food on the courts.
9. Drinking water only on the courts - in a plastic water bottle.
10. No glass allowed on the courts.
11. No skates, bicycles, big wheels, or skateboards on the courts.
12. Non-playing children are not allowed on the courts.
13. No professionally taught instructions.

Park Areas

1. Dogs must be on a leash.
2. Pick up after your dog.
3. No skateboards, roller blades, roller skates, big wheels, or bicycle riding on walkways.
4. Members will be held responsible for any damage caused by themselves, their children, tenants, or guests.
5. Bicycles are to be placed in the bike racks.
6. Alcohol is not permitted within the park area.

Replacement Keys

The primary key is complimentary. A second key may be obtained for \$50.00. Any subsequent key may be obtained for \$50.00. This is to discourage handing out keys to outside family or friends and to help ensure that the facilities are reserved for Rancho Highlands owners/residents and their accompanied guests.

Suspension of Use Privileges

After notice and hearing, violation of park and recreation facility rules may result in loss of privileges (return of key) and possible assessment of fines if the key is not returned in 15 days. It is the responsibility of all residents and guests to conduct themselves in a respectful and courteous manner. Observed violations of the rules should be reported to the association manager promptly at (951) 699-2918.

PARKING RULES

1. Property owners or residents shall maintain their garage such that it is readily available for parking. All garage doors shall remain closed at all times except as reasonably required for entry and exit from the garage.
2. Recreation vehicle parking on community streets is governed by local city code. Time limits, usually 3 days with a permit, are enforced by the Temecula PD.
3. No recreational, commercial or nuisance vehicles shall be parked or stored on any driveway or lot except within an enclosed garage. The following exception exists; one recreational vehicle may be parked behind the Lots fence line provided it be on concrete and screened from public view with live or life-like plant material.
Definitions: recreational vehicle is a motor home, boat, camper, trailer, etc.
Commercial vehicle is one used for commercial purposes. Nuisance vehicle is a vehicle with unsightly car cover, unregistered, non-operable, or in a visible state of disrepair.

PET RULES

1. No animals of any kind may be raised, bred, or kept with the exception of common household pets, such as dogs, cats, birds, and fish.
2. No animal shall be kept for commercial purpose or in unreasonable numbers as determined by the Board.
3. Pet owners are responsible for cleaning up after their animals.
4. All animals must be kept in a secured area or on a leash being held by a person capable of controlling the animal.
5. The Association, with approval of the Board, shall have the right to prohibit any animal that is deemed to be a nuisance to any other person.
6. Any person bringing or keeping a pet within the community shall be liable pursuant to all local and state laws to each and all persons for any injury or damage to persons or property caused by the pet.

SIGN RULES

The following signs are permitted with conditions.

Non-commercial/Political Signs:

1. Not allowed on common area and/or park property
2. Allowed on owner's lot for up to 4 weeks prior to election and removed 3 days after.
3. A maximum of 3 signs allowed with no sign larger than nine-square feet in size.

Alarm/Security Signs:

1. Must be on a metal stake and not exceed 12"x 12".
2. May not be attached to house or garage.
3. One window decal allowed (4"x 4" max), not on garage.

Real Estate Signs:

1. Maximum size is 6 sq. ft. and placed within 10 ft. of curb.
2. Open house signs allowed during open house hours only.
3. Sign shall be installed only in the front of the property.

Garage/Yard Sale signs:

1. Maximum size is 12"x 12", must be on day of sale only and attached to a stake.
2. A maximum of 4 signs on common area permitted.
3. No garage sale signs allowed on street sign poles or mailboxes.
4. Owners and residents are allowed a maximum of 2 sales per year.

Contractor signs are not allowed.

Specialty signs (i.e. welcome, no solicitors, beware of dog) are allowed but must be appropriate in size (maximum nine-square feet), design (no bright colors), and content.

All other signs placed on individual lots or common area property require approval by the ACC. Written requests to the committee may be made to the Rancho Highlands Architectural Control Committee c/o Avalon management. Requests must contain a color diagram to scale for review, and description of material, placement and attachment. Committee will respond within 45 days.

POLICY ON ACCESS TO COMMON AREA VIDEO CAMERA RECORDINGS

The Association maintains surveillance cameras and related equipment covering portions of the Common Area Recreation Center, swimming pool facilities, gated vehicle entry and gated pedestrian entry. The cameras are not directed at or focused on individuals or individual residences.

The purpose of the surveillance equipment is to record the activities taking place on the common areas so as to deter and capture on film damage to Association property (for example, the gates and related mechanisms).

The surveillance cameras are NOT intended to provide security to any residents' person or property. Residents should continue taking all reasonable steps to ensure their own personal safety and security of their persons and property.

The common area activities captured by the surveillance cameras may be used in case of damage to Association property or for other Association use. The footage will not be actively monitored nor reviewed on a predictable or regular basis.

The data will not be accessed by Board members nor by management but may be reviewed by a third party hired by the Association in the event need arises to address a Governing Document violation or vandalism. The Association may also allow video data to be accessed or copied at the valid request of law enforcement.

In general, video data will be stored from zero to sixty (60) days but may be stored for longer periods of time as determined by the Board of Directors or the Association's general manager. In circumstances such as power interruptions, equipment malfunction and the like, data may fail to record. The Board may also, in its sole discretion, cease recordation and storage of data at any time.

The video data is the Association's property and for the Association's use in performing the Association's functions, including enforcement of the Association's Governing Documents.

Association members and residents will not be allowed access to any video data except that any video which may be used in an Association disciplinary or enforcement proceeding may be viewed, in advance of the hearing, upon the written request of the accused member.

ARCHITECTURAL CONTROL GUIDELINES

PURPOSE:

In order to maintain the architectural character and integrity of the community as well as to preserve the value of the homes in the community, it is necessary to establish and enforce the following Architectural Control Guidelines. The authority for the Architectural Control Committee (hereinafter the ACC) to enact and enforce the Architectural Control Guidelines is provided in the Associations CC&Rs, pursuant to Article IX.

The ACC seeks to assure continuity in design, which will help preserve and improve the appearance of the community. The ACC shall consist of not less than three members. Members receive no compensation for services rendered other than reimbursement by the Association for any expenses that might be incurred in performing their duties. The ACC has the right to retain architects or other construction specialists as may be necessary to perform its duties. Prior to the commencement of any addition, alteration or construction work of any type on any residential lot in the community, an owner must first make a written application to the ACC for approval of such work. **Failure to obtain written approval from the ACC prior to beginning work constitutes a violation of the CC&R's and these guidelines. This may result in the assessment of fines; require modification or removal of unauthorized work or improvements, and possible replacement at the owner's expense. This also pertains to unauthorized landscape modification and tree removals.** In addition, a building permit or other permit may be required by the City of Temecula or other governmental agencies prior to the commencement of any work. Neither the ACC, nor the Association assumes any responsibility for failure to obtain such permits. Also, obtaining such permits does not waive the owner's obligation to obtain written Association approval.

GENERAL CONDITIONS AND GUIDELINES

1. Homeowners are required to maintain the exterior of their home and lot in a clean, neat, safe, and attractive condition. Maintenance and necessary repairs should be carried out in a timely, proficient manner.

2. All work must be performed in a professional workmanlike manner and be consistent with the style and appearance of your property.
3. The Architectural Control Committee (ACC) may consult with neighbors or invite neighbor input on any improvements that may impact a neighbor's use and enjoyment of their property.
4. All exterior architectural modifications requiring city permits must also have the ACC approval.
5. Construction must be completed within the number of days indicated on the approval. Requests for extensions may be submitted to the ACC and will be considered on a case by case basis.
6. If plans submitted by an owner are denied by the ACC, the grounds for disapproval will be provided in writing. The applicant may appeal any denial in writing to the Board of Directors. The ACC may give suggestions for the homeowner on re-submittal requirements. The appeal must be filed within 30 days of the ACC's denial. The Board has 45 days from receipt of the appeal to respond.
- 7. Failure to complete improvements in conformity with plans, specifications and time limits constitutes a violation of the CC&Rs and may require modification and/or removal of any work or improvement, at your expense, and possible monetary fines and liability for the Association's legal costs.**
8. Upon completion of your exterior paint or architectural modification project, the owner shall submit a written notice of completion (Exhibit E pg. 25) to the ACC.
9. Each residence, as a result of its location, enjoys a particular view; however, that view is not guaranteed nor protected. Future development of other property, construction of public facilities, and/or growth of trees or other vegetation may change, obstruct, impair, or otherwise affect the view from a residence at any time. The governing instruments of the Rancho Highlands Community Association do not contain any provisions intended to protect the current view from any residences or guarantee that such views will not be impaired or obstructed in the future by changes to other property.
10. This review is in no way intended to approve architectural requests for structural engineering or to act in lieu of governmental permits or inspections. The intent is (among other things) to maintain the architectural harmony and character of the Association.
11. If proposed improvements require access over community common area or a neighboring property, prior written permission shall be required and submitted with the application.

APPLICATION: ARCHITECTURAL APPROVAL

1. All applications for exterior paint and architectural modifications must be approved by the ACC. Requests for approvals are to be submitted via email; tarc@avalonweb.com, Avalon Homeowner Portal at www.ranchocommunity.com, or mailed to Rancho Highlands Community Association ARC Committee, c/o Avalon Management, 43529 Ridge Park Dr., Temecula, CA 92590.

2. Submission of application for exterior paint; all signed applications will require an 'exterior paint selection diagram' (Exhibit D), and in the case of color changes or additions an 'neighbor notification statement' (Exhibit C). Color changes may require color samples. Two copies of all proposed drawings, plans, specifications and materials required shall be provided to the ACC for review

3. Submission of application for architectural modifications; ACC written approval must be obtained prior to the start of any exterior modification project. A completed and signed application along with a copy of all proposed drawings, plans, specifications and materials required shall be provided to the ACC for review. All plans and specifications must be prepared in accordance with applicable building codes and with sufficient clarity and completeness to enable the ACC to make an informed decision on the request. The ACC will provide its decision on an application within 45 days of receiving *all* plans, specifications, materials, and other information necessary to render its decision.

EXTERIOR PAINT STANDARDS

1. All exterior paint projects require written approval by the ACC. Failure to obtain prior written approval may result in the Association Board of Directors requiring the building to be repainted at the owners' expense.

2. The color palettes presented by Dunn Edwards for use in Rancho Highlands have been updated and expanded. The summit color palette, with 12 additional color schemes, now contains new accent and trim options allowing for color variations on stucco and wood siding.

3. The color palettes for the Falcon Ridge and Horizon II neighborhoods have been combined and enhanced with 12 additional color schemes. In addition, 4 new accent and trim colors have been added supporting the Horizon II original tract merchant colors.

4. Exterior paint projects with colors selected from the community's color palettes and colors matching the original tract merchant color may receive ACC approval within 14 days or sooner.

5. Applications with colors outside of approved colors will be considered but may be disapproved if such colors are not aesthetically in harmony with the approved color palette colors or existing colors of the community. These requests will require up to 45 days for review by the ACC.

6. Original tract merchant colors are allowed and can be found at the Association offices. Ask for Rancho Highlands original tract color palettes.

ARCHITECTURAL STANDARDS

1. Antenna and Satellite Dish

No exterior CB radio antenna, satellite dish larger than one meter (39.37") in diameter shall be erected or maintained in the community without prior written approval by the ACC. Any TV satellite dish one meter (39.37") or less in diameter can be installed but notice must be

provided to the ACC prior to installation. The dish should be placed on the side or in the rear yard behind the privacy fence, or the dish may be attached to the house, per City code, and camouflaged to blend with the existing aesthetics, unless such placement or location would impose unreasonable costs or interfere with reception.

2. Awnings

ACC approval is required for any awnings. Awnings are discouraged on front windows of the residence. Awnings must be of one color. A color brochure must accompany the application.

3. Cement Slabs and Walkways

Front yard additions or modifications require ACC approval as well. It is owners' responsibility to obtain city permits.

4. Dog Runs

Pets must be confined to fenced areas or kept in the housing structure or garage. Should an owner wish to construct a dog run, plans for dog runs along fence or property lines require 'neighbor notification statement' and ACC approval. Neighbor input will be strongly considered.

5. Drainage

Drainage from the installation or construction of any improvements shall maintain the established pattern of drainage; typically, drainage to the front street. No drainage pattern shall be altered to cause drainage to flow over neighbor's property or on any slope. Drains should be cored through the curb, and may not run over the City sidewalk. City sidewalks may not be broken to lay drainage lines.

6. Fences and Walls

All replacement of fences and walls require prior ACC approval. A completed neighbor notification form must accompany the application.

- Acceptable material for extension, repair or replacement of any fence or wall must generally match the original or existing material and color. Backyard fencing and front facing gates shall remain in the same established location as placed by the Builder. In considering color changes the ACC shall generally require that any change blend with the siding or trim of the home and be of one color only.
- All wood fencing including gates shall be painted, stained or sealed.
- All wood fencing shall be maintained in a manner that prohibits development of black or white stains. If stains cannot be removed, painting or staining will be required.
- Fencing or gates should not exceed six feet (6') in height.
- Any perimeter wall or fence situated on an owner's lot shall be repaired and maintained in good condition by the owner of the lot. The Association paints the exterior surfaces which face any public right-of-way, common area or Association maintenance areas; the other surfaces and the fence/wall structure on a residential lot remain the owner's responsibility for maintenance and repair, even where the Association performs this painting.

- Vinyl fencing may be constructed within Rancho Highlands. ACC approval is required prior to construction.
 - The following is the preferred specification for Rancho Highlands:
 - Style & Type: tongue and groove privacy fencing
 - Color: white
 - Height: same as height of existing fence being replaced (5 ft)
 - Capping: external flat cap
- Walls must be constructed of masonry materials only. Other materials will not be considered without structural guidelines and material samples. Merchant builder constructed walls, as defined below are:
 - Concrete block with stucco exterior as installed by merchant builder.
 - Pilaster base with wrought iron as installed by merchant builder. Wrought iron to be painted black to match the residential perimeter wrought iron fencing. No accent or other colors will be allowed.
 - Foam wall with stucco as installed by merchant builder.

Front Yard Fencing Construction & Design Guidelines:

- Shall not exceed 3'5" in height.
- Open split rail style with no more than two horizontal rails.
- No more than two (2) panels of white picket fencing is allowed as a decorative accent.
- Acceptable Materials: Natural wood, painted, stained or sealed to match existing fencing on lot; or, white vinyl and shall blend aesthetically with the design of your home.
- Unacceptable Materials: Chain link, metal, chicken wire, plastic, fiberglass or ornamental iron.
- Any hardware shall blend in color and be compatible with style of home.
- Front yard fencing shall not fully enclose or give the appearance of enclosing front yard, contain gates, barriers, chicken wire or plant material such as vines or other covering that would block view or act as a barrier.
- Front yard fencing may not be used as a pet barrier and shall be decorative in nature only.
- Front yard fencing shall be free standing and not attached to any other fencing, dwelling or improvement.
- Front yard fencing applications inclusive of fences parallel to the sidewalk, shall provide a minimum set-back of three (3') feet compatible with the design of the lot and drainage.
- All approved installations are required to be maintained on a regular basis and owners will be required to replace the improvement when it has reached the end of its useful life.

7. Flagpoles

All flagpoles require ACC approval.

8. Garage Doors

New doors require ACC approval and should be of compatible color and style of the home and community. Roll up garage doors are encouraged.

9. Holiday/Outside lighting

- Exterior landscape/walkway lighting should be low voltage. Higher voltage is allowed provided it is directed in a way not to be an annoyance to surrounding neighbors.
- Holiday decorations/lighting is permitted up to four weeks prior to the holiday and must be removed within two weeks after.

10. Landscaping

- Slopes and/or planters shall be planted with live plants and bare areas shall not be greater than a 3' x 3' area upon plant maturity.
- Slopes and/or planters (areas other than lawns) shall be kept free of weeds and grasses.
- Lawns shall be regularly watered and fertilized to maintain a green appearance.
- Lawns shall be kept free of weeds, clover, dandelions, and broadleaves. All bare spots in the lawn shall be re-seeded.
- If an extended absence is expected (vacation, business trip, etc.) or if the property will be vacated for any reason, it is the owner's responsibility to see that the property continues to be maintained.
- All major landscape modification plans, and tree removals with a trunk diameter greater than 6 inches require prior ACC approval with the exception of tree failure or major structural damage requiring emergency removal.
- Unaesthetic tree trimming is not permitted. If trees are not properly and attractively trimmed, the association may require correction of the problems at the homeowner's expense including possible removal and replacement. Members are encouraged to use the services of a qualified arborist for tree trimming work in order to protect their trees and keep them healthy and attractive.
- No plants, trees or seeds infected with insects or plant disease shall be brought upon, grown or maintained upon any lot.
- When an owner removes a tree, the stump shall be removed also.
- All trees, hedges and other plant material shall be trimmed and well maintained by the lot owner or resident. The Association will perform site inspections to determine whether owners are properly maintaining their lots and such inspections and photographs from such inspections may be used in the event of a dispute as to whether a lot or improvements thereon are well maintained, and the Board of Directors may make a determination at a duly noticed hearing.
- Trees, hedges and shrubs that restrict sight lines for vehicular traffic shall be trimmed back or removed.

11. Permanent Turf Removal – Front, Rear, or Side Yard

- All projects require prior approval from the Architectural Control Committee (A.C.C.) with the exception of Temporary Turf Removals taking less than 45 days from project start to completion for the purpose of re-sodding or re-seeding existing turf, or a portion thereof.
- All permanent Turf Removals for the purpose of converting to Drought Tolerant Landscaping, Replacement with Artificial Turf, or revised landscape plans require prior A.C.C. Approval before work can begin.
- The following are the standards used to evaluate the projects acceptability:

- For *Drought Tolerant Conversions*:
- You must include at least a minimum of three (3) plants, 6" pot size or larger per 100 square feet in the project area. More plants are encouraged. Existing tree(s) each count as one (1) plant. Please visit bewaterwise.com to view detailed photo guides of 50 plants native to Southern California. For native plants specific to your area, visit calscape.org*
- *In order to maintain the verdant and park-like appearance of the present community Desert-scape themes are highly discouraged and may be rejected as not compatible.
- Be permeable to air and water to reduce surface area runoff.

Pathways with broken concrete (spaced concrete), flagstone or other like materials may be used, but should not be grouted with cement or concrete. Approved filler typically used for these materials is loose sand.

- It is recommended to include a storm water feature designed to capture rainfall through infiltration. Eligible techniques can include: rain gardens, rock gardens, dry river beds, swales, berms, grades.
- Must include a ring of three (3) inches diameter and three (3) inches deep of organic mulch surrounding all plants. Acceptable forms of organic mulch include shredded bark, bark nuggets or wood chips.
- Mulch, rock, pea gravel, or decomposed granite (DG) must cover any bare spaces within the project area (no bare soil allowed). The maximum coverage of bare soil by rock products is limited to 25% of the total project, excluding pathways. The use of organic material is recommended.
- Include irrigation modification or conversion; this is recommended for all projects:
 - Convert over-head sprays to drip, micro-spray, bubblers, or rotating nozzles; whichever is applicable; or
 - Cap sprinkler heads or remove irrigation equipment and hand-water.
 - Overhead spray sprinklers are discouraged in the completed project area.

Artificial Turf Conversions by removal of the existing live-turf lawn, or conversion of previously planted areas must utilize a high quality Commercial Grade product (no indoor-outdoor type carpet).

- No entire front yard area shall consist of only artificial turf. *A 6"x 6" sample square of the proposed artificial turf is required as part of the A.C.C. application process.*
- Rancho Highlands Community members are solely responsible for complying with all applicable laws, codes, policies, covenants, water saving rebate conditions, and restrictions.

12. Patio Covers, Decks, & Gazebos

- These improvements shall meet all code requirements and should be of wood construction with the exception of vertical supports. Other material products that look like wood may be allowed on a case by case basis. Samples of the product and structural/weather resistant data must accompany the application.

- Second story decks not built by the merchant builder will be considered on a case by case basis with adjoining homeowner view line and privacy in mind.
- Solid roof covers shall be in harmony with primary home, e.g. color & style. Alternative wood materials may be approved/allowed on a case by case basis.
- Exposed surfaces must be painted to match the exterior of the home. No accent colors will be allowed.
- A minimum set back of at least 6' from property line is required and will be evaluated on a case by case basis.
- Generally unacceptable materials for patio covers and gazebos shall be; metal structures (with the possible exception of other products as indicated above), corrugated plastic and fiberglass, wood or plastic crisscross lattice panels, plastic webbing, reeded, or stray like materials, plastic canvas "tarp" material, and shade cloth.

13. Screen Doors

Screen door design is to be compatible with the general architectural design of the house and must be consistent with the general appearance of the community.

14. Solar

These are the Standard Conditions of Approval for Solar Systems.

- Solar powered energy systems are encouraged as a matter of public policy. (Civ. Code §714.) Aesthetic concerns do exist, however and therefore, the Association has implemented certain minimal guidelines to preserve the aesthetic integrity of the neighborhood.
- All solar equipment installation shall be submitted to the ACC for review. Color brochures or the equivalent shall be required for the review process. All such systems require adjacent neighbor notification and written ACC approval before installation.
- Construction drawings for the specific installation should be provided. They should be drawn to show clearly all elevations, roof plane, and assembly, attachment to the roof structure and proposed locations on the building and the location of the storage tank, if any.
- Solar panels shall be continually maintained to include but may not be limited to the following:
 1. Owner shall not permit solar panels or systems to fall into disrepair or to become safety hazards.
 2. Owner shall be responsible for solar heating system maintenance and repair.
 3. Owner shall be responsible for repainting or replacement if the exterior surface of the solar heating system deteriorates.
- Solar equipment profiles shall be minimized and shall blend into existing roof slope.
- All solar equipment supports, piping and conduit shall be finished/painted to match the existing adjacent surfaces – roof/fascia/trim or wall color.
- Installation of conduits between solar collectors and electrical panel shall be routed and installed in the least visible locations. If exposed, conduit shall be painted to match adjacent surfaces.
- Color of solar collector frames shall match or be compatible with roof color. Natural aluminum (silver) frames are not permitted

- All wall mounted solar equipment components/disconnect switches/inverters shall be installed to match main breaker/meter panel installation.
- All wall mounted solar equipment components/conduits shall be painted to match wall color.
- Owner shall verify that roof mounted solar systems comply with city & county Building and Safety Department requirements.

15. Swimming Pools and Spas.

The ACC must approve swimming pools, spas, water features and related equipment. Neighbor Notification Statement (Exhibit C) is required.

16. Storage Sheds/Temporary Structures

Storage sheds may be allowed with prior ACC written approval but must generally meet the following criteria:

SHED

Qualifiers:

- No electrical
- No plumbing
- Set Back - Min 6' from property line & fence
- Not in "Front" Yard
- From original construction grade (Floor to highest point)
- Pitched roof
- No Ingress/Egress to house
- No more than two structures or 184 ft. (8x8 & 10x12)

Small Shed

- Under 64 sq. ft
- Meets all qualifiers
- Color is similar
- May be plastic

Larger Shed (e.g. Tough/Prefabricated Shed)

- Up to 120 sq. ft (10 x 12)
- Not to exceed 8'2" (Fence is 6'. Original wood fences were 5')
- Meets all qualifiers
- Color to match house or as close as possible
 - From center of street looking to back yard, shed should appear "Tucked"
 - Preference – Against house and/or shielded by plants
- May be free standing
- Must be aesthetically reasonable from neighbors view line

Larger Shed (e.g. Constructed Shed)

- Up to 120 sq. ft
- Is taller than 8' 2" - not to exceed 10'.4"
- Meets all qualifiers
- Same color as house

Same color as roof
Roofline – Similar pitch to existing roofline
Constructed Material - Similar to primary house with same appearance
Maintenance - In association with house and aesthetically similar in appearance (House and Shed shall match in color)
Placed against house (Either detached or attached)
Must be in harmony with house and aesthetically similar from neighbors view perspective (e.g. second floor bedroom looking into backyard)

17. Windows/Window Coverings

Only curtains, drapes, shutters, or blinds may be installed as window covers. No aluminum foil, paint, newspaper, or similar covering deemed to be inappropriate for a window covering by the Board of Directors or ACC shall be applied to the windows or doors of any dwelling. Window coverings which are visible to the exterior must be maintained in good condition.

18. Miscellaneous

Trash/containers must be located out of view from any street except when it is put out for collection. **Trash/containers** shall not be put out until the day before pickup and shall be removed within twenty-four hours after. Trash collection hours are 6:00AM-6:00PM the scheduled day of pickup.

Driveways and walks are to be swept, kept clean, and free of oil & rust stains.

Outdoor Fire Pits – Recommendation that open fire pits be clean burning (Nat Gas or Propane)

Basketball hoop(s) – Backboard must be off white or clear fiberglass, not plywood or particle board. Backboard must be mounted on a commercially produced pole design for such purpose. Backboard or hoops may not be mounted on homes, garages, or fences. Pole must be located within rear or side yard.

ENFORCEMENT POLICY AND PROCEDURES

NUISANCE POLICY

This policy is designed to cover those issues between neighbors concerning alleged violations for disturbances, including stereos, continuous loud noises, dogs barking, etc. or any other action that may become an annoyance, nuisance, disturbance, or unreasonable embarrassment to the Rancho Highlands Community.

The complaining owner should try to resolve the matter directly where possible.

If the problem persists, the Association suggests complaining owner contact local agencies to help with the matter. If it is a barking dog issue, you may contact the County animal control agency at 951-674-0618 ext. 222 or 223. If the noise from stereo speakers, parties, etc., you may call the Temecula Police Department at 951-696-4357.

If the offending owner has been uncooperative in resolving the situation and the local agencies have not been effective in this situation, then the following steps may occur:

- The complaining owner may submit written correspondence (Exhibit A) to the Board of Directors, indicating the problem, the dates and specific hours that the reported nuisance occurs.
- If it appears a violation of the governing documents may have occurred or is occurring, the Board may direct management to send a letter to the offending owner to request resolution within a time period set by the Board.
- If the problem appears unresolved within the time period set by the Board, the Board may request the alleged offending owner to attend a hearing with the Board of Directors.
- If the violation is substantial and it continues, the Board may seek further remedies provided for in the CC&Rs, including possible monetary fines and suspension of privileges after notice and hearing and legal action.

The Association will not become involved unless it appears a violation of the governing documents has occurred.

The Association has the discretion to determine whether or not to file a suit in regard to owner disputes and will exercise this discretion on a case by case basis consistent with the governing documents and applicable California law.

OBSERVED AND WRITTEN COMPLAINTS OF OTHER ALLEGED VIOLATIONS

The Rancho Highlands Community Association Board of Directors has directed the Association manager to conduct neighborhood inspections twice per month for violations of the governing documents. Observed violations along with received written complaints will be dealt with according to the following procedure. Anonymous complaints will not be considered. Any homeowner or resident of Rancho Highlands may report a violation or infraction in writing to the management company. The violation report form can be found in (Exhibit A).

The complaint shall constitute a written statement of charges which shall set forth in ordinary and concise language the acts or omissions with which the respondent (person alleged to be in violation) is charged. The complaint shall specify the specific provisions of the Association's Governing Documents alleged to have been violated with such detailed information as the complainant considers support the conclusion that a violation has occurred. Further, the written complaint must contain as many specifics as are available as to time, date, location, person involved, etc., so that the complaint may be investigated by the Association. A complaint may also be initiated by the Board or its agent should any violation come to their attention during the performance of their duties.

NOTIFICATION PROCESS

In the event one or more owners of the Association files a violation report that appears to have merit or an inspection by the Association or its authorized agent reveals an alleged violation, the Association will generally act as follows:

- Friendly Reminder - Management will send a “friendly reminder” letter to the owner stating the alleged violation. The owner is given 30 days to correct the violation.
- Second Notice of Violation - If the violation is not corrected, management will send a second “notice of violation” and date by which such violation must be cured. The owner is given an additional 15 days to correct the violation.
- Notice of Hearing - Upon expiration of the extended correction date, if the violation still exists, a third letter will be sent stating the failure to abide by the Association CC&Rs, established rules or architectural guidelines and the owner will be asked to attend a hearing with the Board of Directors. This letter will inform the owner of the penalties which may be imposed.
- Notice of Decision - Within 5 days following the hearing, the owner will be notified as to the decision rendered by the Board of Directors. If the owner is found to be in violation of the Association documents, the Board will either a) seek remedy by use of the legal system; b) apply monetary fines to the owner; c) suspend privileges to use the recreation facilities; d) correct the violation and assess the owner for costs; e) issue an extension for violation to be cured; and/or, f) any combination of the above.
- If the decision is to pursue a monetary fine, the Rancho Highlands fine schedule will apply.
- Notice of Defense/Admission - The alleged violator may submit a letter of defense or admission which:
 1. Contest the complaint either in whole or in part and set out the reason and facts why the respondent does not consider that a violation has occurred; or
 2. Admit the complaint in whole or in part and if desired, set out any mitigating circumstances which the Board is requested to consider.

The notice of defense or admission shall be completed and returned to the Association no later than 24 hours prior to the hearing and copies will be provided to the Board and any complainant.

The foregoing in no way limits the Association's right to use other procedures or take other actions which the Board of Directors decides appropriate under the circumstances. At any point, the Association may refer a violation to its legal counsel if the Board so determines (Article XIX, Section 1(c), of the CC&Rs).

FINE SCHEDULE

Penalties (fines) for violations of the Association’s governing documents may also be assessed, after notice and a hearing, in accordance with the Rules and Regulations as they may be from time to time amended. The complete Rules and Regulations, or amendments are mailed to the membership pursuant-to California Law and the governing documents.

The fine schedule apart from architectural issues is as follows:

1. First Offense: Fine of **\$50.00**
2. Second Offense: If the violation continues, 30 days after the initial fine (hearing date), it will result in a second fine of **\$100.00**
3. Third Offense: If the violation continues, 60 days after the initial fine (hearing date) will result in a fine of **\$300.00**. A **\$300.00** fine will continue recurring monthly until the Owner brings the violation into compliance.
4. Any violation or non-compliance matter may be turned over to legal counsel when the Board deems it appropriate. All costs associated with legal enforcement will be charged to the homeowner's account as a reimbursement assessment.

Architectural Violation Fine Schedule is as follows:

For commencing construction of any improvement before the required architectural approval is obtained – up to **\$500.00**

Offenses for separate infractions will each start at the First Offense stage. However, recurring fines are permissible on a monthly, daily or weekly basis until compliance is achieved at the above rates. In addition, the Board may suspend member privileges as provided for in the Association's Governing Documents.

DISCLAIMER

THE MATERIAL CONTAINED WITHIN THIS PACKET IS NOT INTENDED TO BE SUBSTITUTED FOR THE SERVICES OF AN ATTORNEY. THE LAW AND ITS INTERPRETATIONS ARE CONSTANTLY CHANGING.

PLEASE CONSULT YOUR PROFESSIONAL ADVISOR REGARDING YOUR INVOLVEMENT IN A COMMUNITY ASSOCIATION.

EXHIBIT A VIOLATION REPORT

Mail to: Rancho Highlands Community Association
c/o Avalon Management Group
43529 Ridge Park Drive
Temecula, CA 92590
Fax: 951-699-0522
Email: ranchohighlands@avalonweb.com

Please be as specific as possible to enable the Board of Directors or the Association Manager to expedite the enforcement process in a timely manner. Alleged violations will be evaluated to determine if there is a violation of the Association's governing documents.

Exterior paint applications. The Association recommends owners select colors found in the community color palettes or original tract merchant colors. Any change of color will require the “Exterior Paint Color Diagram” (Exhibit D), and the “Neighbor Notification Statement” (Exhibit C) be submitted with the application. The community color palettes can be viewed at the Association office and the Dunn Edwards paint store. (www.ranchocommunity.com)

Architectural Control Committee:

You are hereby advised that the work described above is proposed and approval is requested. Attached is a drawing of the work to be done including materials to be used. We understand that the city of Temecula requires building permits for home improvements. This is the homeowner’s responsibility to secure. We agree to hold Rancho Highlands Community Association harmless from any liability, damage and/or loss resulting from the construction or performance of the proposed modification, whether or not constructed pursuant to approved plans, drawings, and/or specifications.

EXHIBIT C (Page 1 of 2)
NEIGHBOR NOTIFICATION STATEMENT

It is the intent of the Architectural Committee to notify neighbors on any improvements which may impact their use and enjoyment of their property. The Committee and/or the Board may waive the requirement for neighbor notification on an individual basis. Neighbor approval or disapproval of a particular improvement shall only be advisory and shall not be binding in any way on the Architectural Committee's decision.

1. Definitions: Facing Neighbor, Adjacent Neighbor, and Impacted Neighbor.

Facing Neighbor: Means the three (3) homes most directly across the street.

Adjacent Neighbor: Means all homes with adjoining property lines to the Lot in question.

Impacted Neighbor: Means all homes in the immediate surrounding area which would be affected by the construction of any improvements.

2. Improvements Requiring Notification

 Any exterior improvements including, but NOT limited to exterior painting.

3. Statement

 The Facing, Adjacent and Impacted Neighbor Notification Statement set forth on the next page (Exhibit "C") must be provided to the Architectural Committee to verify the neighbors have been notified about the proposed improvements.

EXHIBIT C (Page 2 of 2)
